

Glenhaven Lakes Club
Water Availability Policy (regarding building)
Policy: 21-09-01
Approved: September 13, 2021

Definition: Glenhaven Lakes Club, Inc., is charged with the responsibility to provide water to its Members, subject to limitations due to water pressure, water availability, maximum water rights and applicable law. (Articles of Incorporation, Article III, Sect. 1) GLC recognizes that our water is a valuable resource to the Community, and, as such, will take precautions to protect and preserve our existing residential water connections.

Purpose: The purpose of this Policy is to outline the procedure developed by Glenhaven Lakes Club that needs to be followed when submitting a Water Availability Request.

Policy: Prior to building in Glenhaven Lakes Club, all required building permits must be turned in and approved, as per the A and Z guidelines, and all financial obligations must be brought current. In addition, building must begin within 9 months of receiving a water availability form, or the form will be revoked.
